VEKTOR is the indicator of investor communication for listed companies and was calculated by ARIR for the first time in 2019. Starting with 2022, the VEKTOR indicator is published annually for companies in the AeRO Market to assess the communication of companies with investors, based on a methodology that includes 11 criteria, in line with international best practices in investors relations (IR). 31 companies scored from 0 (low communication) to 10 (excellent communication). The evaluation process was audited in January 2023 by [Mazars](#).

### ***Disclaimer:***

*The VEKTOR indicator is calculated by the the Romanian Investor Relations Association according to the [published methodology](#), based on available public information. VEKTOR indicator aims to promote proactive practices in the communication of listed companies with investors, without assessing compliance with regulatory obligations and does not constitute a recommendation on the basis of which to make the investment decision.*
