VEKTOR by ARIR is the indicator of the communication with investors for listed companies and was calculated by ARIR for the first time in 2019 for companies listed on the Main Market. Starting with 2022, the VEKTOR by ARIR indicator is published annually for companies from the AeRO Market, included in BETAeRO index, accordingly with the latest structure available, to assess the communication of companies with investors, based on a methodology that includes 11 criteria, in line with international best practices in investors relations (IR). 38 companies scored from 0 (low communication) to 10 (excellent communication). The evaluation process was audited by [Mazars](https://www.mazars.com).

Disclaimer:

The VEKTOR indicator is calculated by the Romanian Investor Relations Association according to the [published methodology](#), based on available public information. VEKTOR by ARIR indicator aims to promote proactive practices in the communication of listed companies with investors, without assessing compliance with regulatory obligations and does not constitute a recommendation on the basis of which to make the investment decision.
